

PRODUCT DETAILS

Product name **Pro-Living® Seed Mix - Wildflower**

Product type Green roof component

PRODUCT DESCRIPTION

Pro-Living® Seed Mix - Wildflower contains **24** wildflower native drought-tolerant wildflower species, specially designed to thrive in dry soil or on a green roof all year round, these bee-friendly species such as cowslip and toadflax will provide a biodiverse haven for pollinators and other wildlife.

APPLICATION

Pro-Living® Seed Mix - Wildflower is suitable for sowing onto engineered substrates of Pro-Living® green roof schemes, for best results they should be sewn in the following periods:

- Spring March through to May, or
- Autumn Late August through to October

INSTALLATION

Create a suitable growing bed that is free of weeds, has reasonable texture and structure and can retain moisture. A depth of **75 -150mm** or more is best for supporting the widest range of plant species. Shallow depths (less than **75mm**) and extensive growing medium designed for sedums are not usually adequate and will not contain correct moisture or nutrient levels.

Seed is best sown in the autumn or spring but can be sown at other times of the year if there is sufficient warmth and moisture. On shallow growing medium irrigation may be needed to maintain establishment through dry periods. The seed must be surface sown: do not incorporate or cover the seed. Bulk up the seed with an inert carrier such as sand to make distribution easier.

TECHNICAL INFORMATION

Species Available	
Latin Name	Common Name
Agrimonia eupatoria	Agrimony
Galium Verum	Lady's Bedstraw
Lotus corniculatus	Bird's-foot Trefoil
Echium vulgare	Viper's Bugloss
Ranunculus bulbosus	Bulbous Buttercup
Ranunculus acris	Meadow buttercup
Silene vulgaris	Bladder Campion
Primula veris	Cowslip

PRODUCT DATASHEET

v1.1 | AUGUST 2026

Leucanthemum vulgare	Oxeye Daisy
Centaurea Scabiosa	Greater Knapweed
Centaurea nigra	Laser Knapweed
Verbascum nigrum	Dark Mullein
Malva moschata	Musk Mallow
Plantago media	Hoary Plantain
Plantago lanceolata	Ribwort Plantain
Leontodon hispidus	Rough Hawkbit
Knautia arvensis	Field Scabious
Prunella vulgaris	Selfheal
Linaria vulgaris	Toadflax
Anthyllis vulneraria	Kidney Vetch
Reseda luteola	Weld
Daucus carota	Wild Carrot
Achillea millefolium	Yarrow
Rhinanthus minor	Yellow Rattle

SIZE, FINISH AND COLOUR
